For Consideration

- Prior to stepping, the mission briefing has to be read and understood. The Mission data has to be copied into the mission card or be at hand otherwise.
- Every flight takes place with a minimum of 2 elements.
- If a pilots fails to land his aircraft safely at a friendly base, the pilot has to bring his new plane into the AO with a ferry flight or other qualifying flight. Qualifying flights as ferry flight are announced and noted on the squadron board timely.
- Flights relatd to OAR will be logged for every pilot. In case that a pilot gets MIA/KIA, the flight log will be reset.
- An ejected pilot can be evacuated by a members of 20th SOS landing within 100m of the ejected pilot, given the ejected pilot applies radio silence due to loss of communication and proofs his evacuation by screenshot.
